At the time of this schedule going to press, the following APHA rules apply to the Showfield:

An Agricultural Show can be declared as 'Exempt from Requirements for Pre-Movement Testing' if the following conditions are adhered to:

- (a) No cattle will be held on the showgrounds for 24 hours or more from the time of arrival of the first cattle at the showground.
- (b) No cattle are to be housed, i.e. in a covered area with sides – this includes marquees.

We are assured, however, that if the sides of the marquee are removed allowing free circulation of air then the exemption rules will apply.

We therefore intend to apply for exemption from Pre-Movement Testing for TB for all cattle attending the Show.

In order to comply with the 24 hour requirement we will not allow cattle on the Showfield until the morning of the Show, i.e. Saturday, 17th August 2019.

It is worth stressing that no cattle are kept or grazed on the Showfield other than on Show Day.

Biosecurity measures must be strictly adhered to, i.e. clean vehicles, handlers' clothing and footwear.

NEW YORK CHEESECAKE – Set Recipe

150g / 5 1/2oz	Digestive Biscuits	200ml / 7fl oz	Soured Cream
75g / 2 1/2oz	Butter, plus extra for greasing	3 tbsp	Plain Flour
900g / 2lb	Full-Fat Cream Cheese	3 Eggs, plus 1 egg yolk, lightly beaten	
200g / 7oz	Caster Sugar	2 tsp	Vanilla Extract

Method

Preheat oven to 180C/350F/Gas 4. Grease and line the base of a 23cm/9in spring form cake tin. Place biscuits in plastic bag and crush to fine crumbs. Melt the butter and add the biscuit crumbs, stir to combine. Place into base of cake tin and spread evenly then flatten. Bake in the oven for 10 minutes until golden. Remove and leave to cool whilst preparing the filling. Reduce the oven to 160C/315F/Gas 2. In a large bowl, beat together the cream cheese and sugar until smooth then add the sour cream and flour and beat again. Gradually add the eggs and vanilla essence, beating well between each addition (beat rather than whisk). Pour the cream cheese mix on to the biscuit base then bake for 45 minutes.

The cheesecake should be just set with a slight wobble and should still be cream on top with just a slight golden hint around the edges. Once the cheesecake is cooked, turn off the oven and leave the door slightly ajar allowing the cheesecake to cool in the oven – this prevents the top from cracking. Once the oven is cool, remove the cheesecake to cool completely before removing from the tin.
